HORSE HEALTH

SYNOVIUM[®] MSM OPTIMAL-C

SYNOVIUM[®] Organic MSM with added vitamin C for maximum efficiency. It contains a high content of bioavailable sulfur. The horse can use these sulfur atoms in amino acid and protein synthesis. MSM is used for keeping mainly muscles (muscle metabolism), tendons and ligaments (attachment) healthy.

Vitamin C enhances the effect of MSM, Vitamin C is a strong antioxidant and stimulates the immune system. MSM OPTIMAL-C is a scientifically based nutritional supplement and is available at many horse doctors. Scientific research indicates that MSM has a protective effect on certain injuries during training and competitions. This effect is enhanced by the addition of Vitamin C. (Acta Vet Scand. 2008 Nov, 7, Maranon et al). Research showed that recovery after exercise with MSM Optimal-C is much faster (about 2-4x).

This product is a unique and natural formulation of various food additives. Supports faster recovery of muscle and tendon tissue in horses after training. Very suitable for multi-day competitions.
