HORSE HEALTH

SYNOVIUM[®] MYOBUILDER

SYNOVIUM[®] MYOBUILDER is an advanced muscle supplement for the athlete in the build-up phase of training. None heating and competition safe. Myobuilder is developed for the athlete who is in the build-up phase of the training. The combination of natural muscle proteins, L Carnitine and Gamma Oryzanol makes faster muscle building possible. Good muscle mass helps prevent injuries and ensures better performance.

The muscular system is extremely important for the proper functioning of the horse. Having a strong muscle mass can prevent injuries by providing support to the skeleton and joints. Gamma Oryzanol is a natural product that helps increase muscle mass and contributes to proper muscle strength. This nutritional supplement for horses is a unique and natural formulation of various food additives. It contains the following added ingredients. This product is scientifically based and is available from the equine doctor.

COMPOSITION

Soya Beans Extruded, Dicalcium Phosphate, Calcium Carbonate, Calcium Hydroxy Methylbutyrate (3000mg/40g), Gamma Oryzanol (1,625mg/40g), Psyllium Husk.
