

Synovium[®]
HORSE HEALTH

SYNOVIUM[®] RED&GOLD

RED & GOLD is a designated supplement to support horses with energy loss with B vitamins and Iron. Iron contributes to the normal formation of red blood cells and hemoglobin. As a result, it contributes to normal oxygen transport in the body, at the level of the muscles, organs and tissues. Thanks to its unique composition, RED & GOLD increases energy capacity and supports resistance during work. Synovium RED & GOLD contains extra vitamins and minerals and can be used excellently with a lack of vitamins in food.

COMPOSITION

Additives: Sorbitol
